DAFTAR ISI .................................................................................................................... iv
DAFTAR TABEL ................................................................................................................ vi
DAFTAR GAMBAR .............................................................................................................. viii
DAFTAR LAMPIRAN ......................................................................................................... xi

BAB I PENDAHULUAN .................................................................................................. 1
   A. Latar Belakang Masalah .......................................................................................... 1
   B. Rumusan Masalah ................................................................................................... 8
   C. Batasan Masalah ...................................................................................................... 8
   D. Tujuan Penelitian .................................................................................................... 9
   E. Manfaat Penelitian .................................................................................................. 9
   F. Definisi Operasional ............................................................................................... 10
   G. Kerangka Berpikir .................................................................................................. 12
   H. Hipotesis Penelitian ............................................................................................... 19
   I. Metode Penelitian .................................................................................................... 19
      1. Menentukan Jenis Data ...................................................................................... 19
      2. Lokasi Penelitian .............................................................................................. 20
      3. Populasi dan Sampel Penelitian ................................................................. 20
      4. Metode dan Desain Penelitian ....................................................................... 21
      5. Prosedur Penelitian .......................................................................................... 21
      6. Instrumen Penelitian ....................................................................................... 26
      7. Analisis Instrumen ............................................................................................ 28
      8. Analisis Data ...................................................................................................... 33

BAB II PENERAPAN MODEL PEMBELAJARAN KOOPERATIF
TIPE PAIR CHECKS UNTUK MENINGKATKAN
KETERAMPILAN BERPIKIR KRITIS SISWA PADA
MATERI TEKANAN ........................................................................................................... 40
   A. Model Pembelajaran Kooperatif .......................................................................... 40
   B. Model Pembelajaran Pair Checks ......................................................................... 45
BAB III LAPORAN DAN PEMBAHASAN HASIL PENELITIAN
TENTANG PENERAPAN MODEL PEMBELAJARAN
KOOPERATIF TIPE *PAIR CHECKS* UNTUK
MENINGKATKAN KETERAMPILAN BERPIKIR KRITIS
SISWA PADA MATERI TEKANAN

A. Deskripsi Keterlaksanaan Pembelajaran dengan Menerapkan
   Model Pembelajaran Kooperatif Tipe *Pair Checks*

B. Analisis dan Pembahasan Penerapan Model Pembelajaran
   Kooperatif Tipe *Quick On The Draw* untuk Meningkatkan
   Pemahaman Konsep Siswa pada Materi Zat dan Wujudnya

C. Temuan dan Pembahasan

BAB IV SIMPULAN DAN SARAN

A. Simpulan

B. Saran
