## DAFTAR ISI

HALAMAN JUDUL ................................................................. i
HALAMAN PENGESAHAN ..................................................... ii
LEMBAR PERNYATAAN ...................................................... iii
ABSTRAK ........................................................................ iv
ABSTRACT ......................................................................... v
KATA PENGANTAR ............................................................ vi
DAFTAR ISI ........................................................................ viii

### BAB I PENDAHULUAN

1.1 Latar Belakang ................................................................ 1
1.2 Rumusan Masalah ........................................................... 2
1.3 Batasan Masalah ............................................................... 2
1.4 Tujuan dan Manfaat ......................................................... 2
1.5 Sistematika Penulisan ..................................................... 3

### BAB II LANDASAN TEORI

2.1 Graf dan Matriks ............................................................. 4
2.2 Nilai Eigen dan Vektor Eigen .......................................... 5
2.3 Basis Orthonormal dan Proses Gram-Schmidt .................. 7
2.4 Diagonalisasi, Diagonalisasi Orthogonal, Matriks Simetri ...... 8
2.5 Matriks Laplace ............................................................... 17

### BAB III INVERS MATRIKS LAPLACE YANG DIGENERALISASI

3.1 Nilai Eigen & Vektor Eigen Matriks Laplace ..................... 19
3.2 Diagonalisasi Orthogonal Matriks Laplace ....................... 21
3.3 Invers Matriks Laplace yang Digeneralisasi ..................... 23
3.4 Sifat-Sifat Identitas Invers Matriks Laplace yang Digeneralisasi .... 25
3.5 Matriks-Matriks Pelengkap ............................................. 28
3.6 Matriks Hambatan ......................................................... 30
BAB IV KESIMPULAN DAN SARAN

4.1 Kesimpulan ........................................................................................................... 36
4.2 Saran ....................................................................................................................... 37
