LEMBAR PENGESAHAN ........................................................................................................ii
LEMBAR PERNYATAAN ..........................................................................................................iii
ABSTRAK ..............................................................................................................................iv
KATA MUTIARA ........................................................................................................................v
KATA PENGANTAR ..................................................................................................................vi
DAFTAR ISI ............................................................................................................................vii
DAFTAR TABEL ........................................................................................................................x
DAFTARGRAFIK ......................................................................................................................xii
DAFTARGAMBAR ....................................................................................................................xiii

BAB I PENDAHULUAN ........................................................................................................... 1
A. Latar Belakang Masalah ........................................................................................................ 1
B. Identifikasi dan Rumusan Masalah ...................................................................................... 10
C. Tujuan Penelitian ................................................................................................................ 11
D. Kegunaan Penelitian .......................................................................................................... 11
  1. Kegunaan Teoritis ............................................................................................................. 11
  2. Kegunaan Praktis ............................................................................................................. 12

BAB II KAJIAN PUSTAKA, KONSEP DAN TEORI, KERANGKA BERFIKIR
DAN HIPOTESIS .................................................................................................................... 13
A. Kajian Penelitian Terdahulu .............................................................................................. 15
B. Konsep dan Teori ............................................................................................................... 17
  1. Bank Syariah ..................................................................................................................... 17
    a. Defini Bank Syariah ...................................................................................................... 19
    b. Landasan Hukum Bank Syariah .................................................................................. 19
  2. Pembiayaan ..................................................................................................................... 20
    a. Pengertian Pembiayaan ............................................................................................. 21
    b. Pembiayaan Bermasalah dan penyelesaiannya ...................................................... 25
3. Tinjauan Teoritis *Financing to Deposit Ratio* (FDR) .................................. 27  
   a. Pengertian *Financing to Deposit Ratio* (FDR) .................................. 27  
   b. Cara menghitung *Financing To Deposit Ratio* (FDR) ......................... 31  
   c. Unsur-Unsur *Financing To Deposit Ratio* (FDR) ............................... 32  
4. Tinjauan Teoritis *Non Performing Financing* (NPF) ............................. 33  
   a. Pengertian *Non Prforming Financing* (NPF) .................................. 33  
   b. Cara Menghitung *Non Prforming Financing* (NPF) .......................... 34  
5. Tinjauan Teoritis *Net Profit Margin* (NPM) ...................................... 38  
   a. Pengertian *Net Profit Margin* (NPM) ............................................. 38  
   b. Cara menghitung *Net Profit Margin* (NPM) .................................. 38  
   c. Faktor-faktor Penentu *Net Profit Margin* (NPM) ................................ 39  
6. Pengaruh Antar Variabel ........................................................................... 42  
C. Kerangka Berpikir ..................................................................................... 43  
D. Hipotesis ...................................................................................................... 46  

**BAB III METODOLOGI PENELITIAN** .......................................................... 47  
A. Objek Penelitian .......................................................................................... 47  
B. Metode Penelitian ....................................................................................... 47  
C. Operasionalisasi Variabel .......................................................................... 48  
D. Jenis Penelitian .......................................................................................... 50  
E. Sumber Data Penelitian ............................................................................. 50  
F. Teknik Pengumpulan Data Penelitian .......................................................... 51  
G. Teknik Analisis Data .................................................................................. 52  
   1. Analisis Regresi Berganda ....................................................................... 54  
   2. Analisis Korelasi ...................................................................................... 55  
   3. Analisis Korelasi Ganda .......................................................................... 56  
   4. Analisis Determinasi ............................................................................... 57  
   5. Uji Hipotesis ............................................................................................. 58  
      a. Uji t ....................................................................................................... 58  
      b. Uji F ..................................................................................................... 59
BAB IV HASIL PENELITIAN DAN PEMBAHASAN ................................................. 61
A. Hasil Penelitian .................................................................................. 61
1. Profil PT. Bank Muamalat Indonesia, Tbk ........................................ 61
   a. Sejarah PT. Bank Muamalat Indonesia, Tbk ................................. 61
   b. Visi, Misi, dan Tujuan Bank Muamalat Indonesia, Tbk. Didirikan .... 64
2. Produk-Produk PT. Bank Muamalat Indonesia, Tbk .......................... 64
B. Analisis Deskriptif ........................................................................... 70
1. Perkembangan Financing to Deposit Ratio (FDR) di PT. Bank Muamalat
   Indonesia, Tbk ........................................................................... 70
2. Perkembangan Non Performing Financing (NPF) di PT. Bank Muamalat
   Indonesia, Tbk ........................................................................... 73
3. Perkembangan Net Profit Margin (NPM) di PT. Bank Muamalat
   Indonesia, Tbk ........................................................................... 75
2 Analisis Kuantitatif ............................................................................. 79
   a. Analisis Pengaruh Financing to Deposit Ratio (FDR) Terhadap Net Profit
      Margin (NPM) di PT. Bank Muamalat Indonesia, Tbk ..................... 80
   b. Analisis Pengaruh Non Performing Financing (NPF) Terhadap Net Profit
      Margin (NPM) ......................................................................... 87
   c. Analisis Pengaruh Financing to Deposit Ratio (FDR) dan Non Performing
      Financing (NPF) Terhadap Net Profit Margin (NPM) pada PT. Bank
      Muamalat Indonesia, Tbk ......................................................... 93
B. Pembahasan ....................................................................................... 108
BAB V PENUTUP .................................................................................. 108
A. Kesimpulan ...................................................................................... 112
B. Saran ................................................................................................. 114
