| BAB I PENDAHULUAN.....                               | 1    |
| 1.1 Latar Belakang Masalah.....                      | 1    |
| 1.2 Rumusan Masalah .....                            | 4    |
| 1.3 Batasan Masalah.....                             | 4    |
| 1.4 Tujuan Penelitian.....                           | 5    |
| 1.5 Metode Penelitian.....                           | 5    |
| 1.6 Sistematika Penulisan.....                       | 6    |
| BAB II LANDASAN TEORI.....                           | 8    |
| 2.1 Saham.....                                       | 8    |
| 2.2 Saham Sektor Energi.....                         | 8    |
| 2.3 Nilai Tukar Rupiah.....                          | 9    |
| 2.4 <i>Return</i> .....                              | 11   |
| 2.5 Mean (Rata-Rata).....                            | 12   |
| 2.6 Varians.....                                     | 13   |
| 2.7 <i>Maximum Likelihood Estimation</i> (MLE) ..... | 14   |
| 2.8 Deret Waktu ( <i>Time Series</i> ) .....         | 16   |
| 2.8.1 Stasioneritas .....                            | 16   |
| 2.8.2 <i>Differencing</i> .....                      | 19   |

|                                                                                            |    |
|--------------------------------------------------------------------------------------------|----|
| 2.8.3 Identifikasi Model .....                                                             | 20 |
| 2.8.4 <i>Akaike Information Criterion (AIC)</i> .....                                      | 21 |
| 2.9 Pemeriksaan Diagnostik.....                                                            | 22 |
| 2.9.1 Uji Asumsi <i>White Noise</i> .....                                                  | 23 |
| 2.9.2 Evaluasi Akurasi Model .....                                                         | 24 |
| 2.10 <i>Autoregressive (AR)</i> .....                                                      | 26 |
| 2.11 <i>Moving Average (MA)</i> .....                                                      | 26 |
| 2.12 <i>Heteroscedasticity Test</i> .....                                                  | 27 |
| 2.13 Risiko .....                                                                          | 28 |
| 2.14 Tingkat Kepercayaan.....                                                              | 29 |
| BAB III KAJIAN UTAMA PENELITIAN.....                                                       | 31 |
| 3.1 Langkah Analisis.....                                                                  | 31 |
| 3.2 <i>Autoregressive Integrated Moving Average (ARIMA)</i> .....                          | 33 |
| 3.3 <i>Autoregressive Integrated Moving Average with Exogenous Variable (ARIMAX)</i> ..... | 37 |
| 3.4 <i>Generalized Autoregressive Conditional Heteroskedasticity (GARCH)</i> .....         | 38 |
| 3.5 <i>Value at Risk (VaR)</i> .....                                                       | 39 |
| 3.6 Algoritma Penelitian.....                                                              | 41 |
| BAB IV STUDI KASUS DAN ANALISA .....                                                       | 43 |
| 4.1 Deskripsi Data.....                                                                    | 43 |
| 4.2 Data Harga Penutupan Saham dan Kurs Nilai Rupiah (USD/IDR).....                        | 44 |
| 4.2.1 Data Harga Penutupan Saham PT Petrosea Tbk (PTRO) .....                              | 44 |
| 4.2.2 Data Harga Penutupan Saham PT Super Energy Tbk (SURE) .....                          | 46 |
| 4.2.3 Data Harga Penutupan Kurs Nilai Tukar Rupiah (USD/IDR) .....                         | 47 |
| 4.3 Uji Stasioneritas .....                                                                | 48 |
| 4.4 <i>Differencing</i> .....                                                              | 49 |
| 4.5 Identifikasi Model .....                                                               | 50 |
| 4.5.1 Saham PTRO.....                                                                      | 50 |
| 4.5.2 Saham SURE.....                                                                      | 51 |
| 4.6 Estimasi Model ARIMA dan ARIMAX.....                                                   | 51 |
| 4.7 Uji Heteroskedastisitas.....                                                           | 57 |
| 4.8 Identifikasi Model ARIMA-GARCH & ARIMAX-GARCH .....                                    | 58 |

|                                       |    |
