Tindak tutur direktif adalah jenis tindak tutur yang diucapkan oleh manusia dalam segala aspek kehidupan dan dalam berkomunikasi dengan lawan bicara supaya mereka melakukan sesuatu sesuai yang diucapkan oleh penutur. Tindak tutur direktif sangat berperan penting dalam menyampaikan pesan dalam komunikasi. Maka dari itu, penelitian ini bertujuan untuk menemukan jenis-jenis tindak tutur direktif beserta fungsinya dalam Designated Survivor.

Penelitian ini menggunakan desain penelitian kualitatif dengan menganalisa data yang sudah dikumpulkan dari dialog. Data tersebut dianalisis dan dikategorikan menjadi lima jenis tindak tutur direktif berdasarkan teori Searle (1969) dan teori fungsi tindak tutur direktif dari Jucker dan Taavitsainen (2013).

Hasil dari penelitian ini menunjukkan jenis-jenis tindak tutur direktif seperti perintah (52 data), permintaan (51 data), larangan (10 data), pertanyaan (140 data) dan perijinan (7 data). Selain itu, ada sembilan fungsi tindak tutur direktif yang ditemukan seperti perintah (42 data), suruhan (2 data), permintaan (11 data), pemenuhan (44 data), saran (3 data), perijinan (7 data), larangan (10 data), pertanyaan (141 data).

Dari hasil temuan tersebut dapat disimpulkan bahwa dalam Designated Survivor terdapat 5 jenis tindak tutur direktif, yaitu perintah, permintaan, perijinan, larangan, dan pertanyaan. Juga dapat disimpulkan bahwa dalam 5 jenis tindak tutur direktif tersebut terdapat 8 fungsi tindak tutur direktif, yaitu perintah, suruhan, permintaan, pemenuhan, saran, perijinan, larangan, dan pertanyaan. Dalam Designated Survivor yang mendominasi tindak tutur direktif adalah jenis pertanyaan yang mana fungsinya agar lawan bicara dapat menjawab pertanyaan dari penutur tentang informasi yang belum diketahui.
