=====

Dear Mr. Ichsan Taufik,

After careful review, your paper #1570639064 "the Search for Science and Technology Verses in Quran and Hadith" for Bulletin of Electrical Engineering and Informatics requires REVISION before being accepted for publication in our Scopus indexed journal. You are asked to submit a revised full manuscript, according to the comment from reviewers. The Technical Program Committee (TPC) will check whether the revision already address the reviewers' comments. Failing to do proper revision may lead to the rejection of your paper.

For your information, the Bulletin of Electrical Engineering and Informatics (BEEI), ISSN: 2089-3191, e-ISSN: 2302-9285, <http://beei.org> is open to submission from scholars and experts in the wide areas of electrical, electronics, instrumentation, control, robotics, telecommunication, computer engineering, computer science, information system, information technology and informatics from the global world. This international journal is ACCREDITED (recognised) by the Ministry of Research, Technology and Higher Education, Republic of Indonesia (RISTEKDIKTI, Decree No: 60/E/KPT/2016) and indexed by Scopus (Elsevier)/ScimagoJR (SJR), CiteScore 2018: 1.90, SNIP 2018: 0.785, SJR 2018: 0.43, SJR Q2 on Computer Science (miscellaneous), Electrical and Electronic Engineering, Instrumentation, Computer Networks and Communications, Control and Optimization, Control and Systems Engineering, Hardware and Architecture, and Information Systems categories. Beginning with issue 1 of volume 9 (2020), BEEI will be published as a bimonthly journal (6 issues/year).

Scopus CiteScore rank:

Computer Science: Computer Science (miscellaneous)	#17/53	68th
Mathematics: Control and Optimization	#30/92	67th
Engineering: Electrical and Electronic Engineering	#222/661	66th
Physics and Astronomy: Instrumentation	#44/123	64th
Computer Science: Computer Networks and Communications	#108/274	60th
Computer Science: Hardware and Architecture	#62/152	59th
Engineering: Control and Systems Engineering	#100/232	57th
Computer Science: Information Systems	#116/269	57th

The reviews are below or can be found at <https://edas.info/showPaper.php?m=1570639064>, using your EDAS login name ichsan@uinsgd.ac.id.

We would like your cooperation with the double check of your revised paper:

(1) TEMPLATE, Please Strictly use and follow to the template Manuscripts (Word Format): <http://tiny.cc/kc2ghz>

(2) Authors are suggested to present their articles with IMRaD sections structure (outline): Introduction - The Proposed Method/Algorithm/Procedure specifically designed (optional) - Research Method - Results and Discussion - Conclusion. Authors may present complex proofs of theorems or non-obvious proofs of correctness of algorithms after introduction section (obvious theorems & straightforward proofs of existing theorems are NOT needed).

(3) Introduction section: explain the context of the study and state the precise objective. An Introduction should contain the following three parts:

- Background: Authors have to make clear what the context is. Ideally, authors should give an idea of the state-of-the art of the field the report is about.

- The Problem: If there was no problem, there would be no reason for writing a manuscript, and definitely no reason for reading it. So, please tell readers why they should proceed reading. Experience shows that for this part a few lines are often sufficient.

- The Proposed Solution: Now and only now! - authors may outline the contribution of the manuscript. Here authors have to make sure readers point out what are the novel aspects of authors work.

Authors should place the paper in proper context by citing relevant papers. At least, 5 references (recently journal articles) are used in this section.

(4) Method section: the presentation of the experimental methods should be clear and complete in every detail facilitating reproducibility by other scientists.

(5) Results and discussion section: The presentation of results should be simple and straightforward in style. This section report the most important findings, including results of statistical analyses as appropriate and comparisons to other research results. Results given in figures should not be repeated in tables. This is where the author(s) should explain in words what he/she/they discovered in the research. It should be clearly laid out and in a logical sequence. This section should be supported suitable references.

(6) (URGENT)!!! About Figures & Tables in your manuscript:

- Because tables and figures supplement the text, all tables and figures should be REFERENCED in the text. Authors MUST EXPLAIN what the reader should look for when using the table or figure. Focus only on the important point the reader should draw from them, and leave the details for the reader to examine on her own.

- Tables are to be presented with single horizontal line under: the table caption, the column headings and at the end of the table. All tables are produced by creating tables in MS Word. Captured tables are NOT allowed.

- All figures MUST in high quality images

(7) Conclusion section: Summarize sentences the primary outcomes of the study in a paragraph. Are the claims in this section supported by the results, do they seem reasonable? Have the authors indicated how the results relate to expectations and to earlier research? Does the article support or contradict previous theories? Does the conclusion explain how the research has moved the body of scientific knowledge forward?

(8) Most importantly, please ensure the similarity score is less than 25%. You can refer to EDAS to see the similarity score of your paper. Any paper with a similarity score of more than 25% will be dropped. Please make sure your revised paper follow this rule. If the similarity score of final version is more than 25%, the TPC has the right to cancel the paper to be presented at BEEI 2020.

(9) Please ensure the maximum page of your final paper is 8-page, but still allowed up to 12 pages (required to pay an extra fee).

Please upload the revised paper using EDAS on the "Revision" upload button within 5 weeks.

Thank you for your cooperation.

Best Regards,
Assoc. Prof. Dr. Tole Sutikno
Editor-in-Chief,

=====
Review 1
=====

> *** Novelty and Contribution: Rate the degree of scientific contribution provided by this paper. Do the authors offer new findings? Do they give proper explanation and detailed analysis?

Weak Accept (7)

> *** Paper Presentation: What is your evaluation on the quality of presentation from this paper (e.g. figures, tables, formats, etc.)?

Weak Accept (7)

> *** Detailed Comments: Please provide detailed comments that will be helpful to the TPC for assessing the paper. Also provide feedback to the authors.

This paper proposes a vector space model algorithm for searching verses and hadith in science and technology by using discussion parameters of these verses or hadith. The authors used common ways like TF-IDF to re-weight the significance of key words and they also used other common ways for document retrieval. The pipeline is standard and the results are acceptable. Therefore, this paper is recommended for minor acceptance.

> *** Recommendation: Your overall rating.

Weak Accept (7)

i'm apologize, the paper that I submitted to BEEI is the paper that was presented at ICW Telkomnika 2019 and I have been contacted by Nila Rezha D. Rakhma to correct the paper and given a template for December 2020 and pay publication fees.
I have sent the revision via the EDAS website and sister Nila's email and have also paid the fee for publication.
what should I do next?

=====

Dear Prof/Dr/Mr/Mrs: Ichsan Taufik, Mohamad Jaenudin, Fatimah Badriyah, Beki Subaeki and Opik Taupik Kurahman,

Congratulations!! Your paper entitled "the Search for Science and Technology Verses in Quran and Hadith", ID# 1570639064, authors: Ichsan Taufik, Mohamad Jaenudin, Fatimah Badriyah, Beki Subaeki and Opik Taupik Kurahman for Bulletin of Electrical Engineering and Informatics has been ACCEPTED and will be published for forthcoming issue. The Bulletin of Electrical Engineering and Informatics (BEEI), ISSN: 2089-3191, e-ISSN: 2302-9285, <http://beei.org> is open to submission from scholars and experts in the wide areas of electrical, electronics, instrumentation, control, robotics, telecommunication, computer engineering, computer science, information system, information technology and informatics from the global world. This international journal is ACCREDITED (recognised) by the Ministry of Research, Technology and Higher Education, Republic of Indonesia (RISTEKDIKTI, Decree No: 60/E/KPT/2016) and indexed by Scopus (Elsevier)/ScimagoJR (SJR), SNIP 2019: 1.358 (SNIP=Source Normalized Impact per Paper measures actual citations received relative to citations expected for the serial's subject field), CiteScore 2019: 1.3, SJR 2019: 0.231; and ACCREDITED (recognised) by the Ministry of Research and Technology/National Agency for Research and Innovation, Republic of Indonesia (Decree No: 60/E/KPT/2016). Beginning with issue 1 of volume 9 (2020), BEEI is published as a bimonthly journal (6 issues/year).

In order to cover part of the event cost, each accepted paper will be charged: 265.00 (USD)

This article publication is to support the cost of wide open access dissemination of research results, to manage the various costs associated with handling and editing of the submitted manuscripts, and the Journal management and publication in general, the authors or the author's institution is requested to pay a publication fee for each article accepted. The 265 USD fee covers the standard eight (8) pages manuscript. For every additional page an extra fee of 50 USD per page will be charged.

The payment should be made by bank transfer (T/T):

Bank Account name (please be exact)/Beneficiary: TOLE SUTIKNO

Bank Name: Bank Central Asia (BCA)

Branch Office: Kusumanegara

City: Yogyakarta

Country :Indonesia

Bank Account #: 8465122249

SWIFT Code: CENAIJAXXX

or through PayPal (as alternative of bank transfer) to email: tole@ee.uad.ac.id

For your information, according to international regulations, similarity score of camera-ready paper should be less than 25%. Single author is NOT allowed. The Editor(s) will check whether the final version has been performed and already address the reviewers' comments or not. Failing to do proper revision may lead to the rejection of your paper.

Please submit your final camera ready paper and payment receipt to: beei@uad.ac.id within 3 weeks.

I look forward for your response

Sincerely yours,

Assoc. Prof. Dr. Tole Sutikno

update biographies of authors section, or drop it.

Good example for biographies:

Ali Selamat received the B.Sc. degree (Hons.) in IT from Teesside University, U.K., in 1997, the M.Sc. degree in distributed multimedia interactive systems from Lancaster University, U.K., in 1998, and the Dr.Eng. degree from Osaka Prefecture University, Japan, in 2003. He is currently a Professor with Universiti Teknologi Malaysia (UTM). He is also the Chair of IEEE Computer Society Malaysia Chapter. He is also the Editorial Boards of Knowledge Based Systems, Elsevier, International Journal of Intelligent Information and Database Systems (IJJIDS), Inderscience Publications, Vietnam Journal of Computer Science, and Springer Publications.

Nik Rumzi Nik Idris received the B.Eng. degree in electrical engineering from the University of Wollongong, Wollongong, NSW, Australia, in 1989, the M.Sc. degree in power electronics from Bradford University, West Yorkshire, U.K., in 1993, and the Ph.D. degree from Universiti Teknologi Malaysia (UTM), Johor Bahru, Malaysia, in 2000. He is currently an Associate Professor with UTM, and the Head of the Power Electronics and Drives Research Group. His current research interests include control of ac drive systems and DSP applications in power electronic systems. He is also the Past Chair of the Power Electronics Society, Malaysia Chapter.

Lotfi A. Zadeh is Professor Emeritus, Computer Science Division, Department of EECS, University of California, Berkeley. In addition, he is serving as the Director of BISC (Berkeley Initiative in Soft Computing). Since the publication of his first paper on fuzzy sets in 1965, his research has been focused on fuzzy logic and its applications. Lotfi Zadeh has received many awards, among them the IEEE Medal of Honor, IEEE Education Medal, IEEE Richard W. Hamming Medal, the ACM Allen Newell Award, the Honda Prize, the Okawa Prize, the Kaufmann Prize and Gold Medal, Grigore Moisil Prize, the Kampe de Fariet Award, Bolzano Medal, the Nicolaus Copernicus Medal, Norbert Wiener Award, the Benjamin Franklin Medal and the Friendship Order from the President of the Republic of Azerbaijan. He was inducted into the Silicon Valley Engineering Hall of Fame, the AI Hall of Fame and the Nixdorf Museum Wall of Fame. He is a recipient of twenty-five honorary doctorates, and is a member of the National Academy of Engineering. In addition, he is a foreign member of the Finnish Academy of Sciences, the Polish Academy of Sciences, the Korean Academy of Science & Technology, the Bulgarian Academy of Sciences, the Azerbaijan Academy of Sciences, Hungarian Academy of Engineering and Romanian Academy of Technical Sciences.

Dear Author,

Greetings from Bulletin of Electrical Engineering and Informatics,

Your paper entitled "The search for science and technology verses in Qur'an and hadith" is under the layout editing phase. Unfortunately, we found mistakes in your paper related to:

1. Figure: Figure 2 is attached in low quality.
2. Equation: Missing equations.

Please refer to the comments on your paper.

We gave time for you to revise in 3x24 hours. **Please revise the paper attached below.**

Thank you

Dear Prof/Dr/Mr/Mrs: Ichsan Taufik, Mohamad Jaenudin, Fatimah Badriyah, Beki Subaeki and Opik Taupik Kurahman,

Congratulations!! Your paper entitled "the Search for Science and Technology Verses in Quran and Hadith", ID# 1570639064, authors: Ichsan Taufik, Mohamad Jaenudin, Fatimah Badriyah, Beki Subaeki and Opik Taupik Kurahman for Bulletin of Electrical Engineering and Informatics (BEEI), ISSN: 2089-3191, e-ISSN: 2302-9285, <http://beei.org> is open to submission from scholars and experts in the wide areas of electrical, electronics, instrumentation, control, robotics, telecommunication, computer engineering, computer science, information system, information technology and informatics from the global world. This international journal is ACCREDITED (recognised) by the Ministry of Research, Technology and Higher Education, Republic of Indonesia (RISTEKDIKTI, Decree No: 60/E/KPT/2016) and indexed by Scopus (Elsevier)/ScimagoJR (SJR), SNIP 2019: 1.358 (SNIP=Source Normalized Impact per Paper measures actual citations received relative to citations expected for the serial's subject field), CiteScore 2019: 1.3, SJR 2019: 0.231; and ACCREDITED (recognised) by the Ministry of Research and Technology/National Agency for Research and Innovation, Republic of Indonesia (Decree No: 60/E/KPT/2016). Beginning with issue 1 of volume 9 (2020), BEEI is published as a bimonthly journal (6 issues/year).

In order to cover part of the event cost, each accepted paper will be charged: 265.00 (USD)

This article publication is to support the cost of wide open access dissemination of research results, to manage the various costs associated with handling and editing of the submitted manuscripts, and the Journal management and publication in general, the authors or the author's institution is requested to pay a publication fee for each article accepted. The 265 USD fee covers the standard eight (8) pages manuscript. For every additional page an extra fee of 50 USD per page will be charged.

The payment should be made by bank transfer (T/T):

Bank Account name (please be exact)/Beneficiary: TOLE SUTIKNO
Bank Name: Bank Central Asia (BCA)
Branch Office: Kusumanegara
City: Yogyakarta
Country :Indonesia
Bank Account #: 8465122249
SWIFT Code: CENAIJAXXX

or through PayPal (as alternative of bank transfer) to email: tole@ee.uad.ac.id

For your information, according to international regulations, similarity score of camera-ready paper should be less than 25%. Single author is NOT allowed. The Editor(s) will check whether the final version has been performed and already address the reviewers' comments or not. Failing to do proper revision may lead to the rejection of your paper.

Please submit your final camera ready paper and payment receipt to: beei@uad.ac.id within 3 weeks.

I look forward for your response

Sincerely yours,
Assoc. Prof. Dr. Tole Sutikno
Editor-in-Chief,
Bulletin of Electrical Engineering and Informatics
website: <http://beei.org>
email: beei@uad.ac.id

Bank's detailed address :
Bank BCA Kusumanegara
Jl. Kusumanegara No. 18
City: Yogyakarta
Province: D.I. Yogyakarta (DIY)
Country :Indonesia
Post Code: 55165
Indonesia, Phone:+62 274 418896

The Beneficiary's address:
Kampus 4 Universitas Ahmad Dahlan
Jln. Ringroad Selatan, Tamanan, Bantul
City: Yogyakarta
Province: D.I. Yogyakarta (DIY)
Post Code: 55166
Country: Indonesia

Please pay attention to double check your final camera ready paper:

(1) TEMPLATE, Please Strictly use and follow to the template Manuscripts (Word Format): <http://iaescore.com/gfa/bee.docx>

(2) Authors are suggested to present their articles with IMRaD sections structure (outline): Introduction - The Proposed Method/Algorithm/Procedure specifically designed (optional) - Research Method - Results and Discussion – Conclusion. Authors may present complex proofs of theorems or non-obvious proofs of correctness of algorithms after introduction section (obvious theorems & straightforward proofs of existing theorems are NOT needed).

(3) Introduction section: explain the context of the study and state the precise objective. An Introduction should contain the following three (3) elements:

- Background: Authors have to make clear what the context is. Ideally, authors should give an idea of the state-of-the art of the field the report is about.
- The Problem: If there was no problem, there would be no reason for writing a manuscript, and definitely no reason for reading it. So, please tell readers why they should proceed reading. Experience shows that for this part a few lines are often sufficient.
- The Proposed Solution: Now and only now! - authors may outline the contribution of the manuscript. Here authors have to make sure readers point out what are the novel aspects of authors work. Authors should place the paper in proper context by citing relevant papers. At least, 5 references (recently journal articles) are cited to support this section.

(4) Method section: the presentation of the experimental methods should be clear and complete in every detail facilitating reproducibility by other scientists.

(5) Results and discussion section: The presentation of results should be simple and straightforward in style. This section report the most important findings, including results of statistical analyses as appropriate and comparisons to other research results. This is where the author(s) should explain in words what he/she/they discovered in the research.

(6) (URGENT)!!! About Figures & Tables in your manuscript:

- Because tables and figures supplement the text, all tables and figures should be REFERENCED in the text. Authors MUST EXPLAIN what the reader should look for when using the table or figure. Focus only on the important point the reader should draw from them, and leave the details for the reader to examine on her own.
- Tables are to be presented with single horizontal line under: the table caption, the column headings and at the end of the table. All tables are produced by creating tables in MS Word. Captured tables are NOT allowed.
- All figures MUST in high quality images

(7) Conclusion section: Summarize sentences the primary outcomes of the study in a paragraph. Are the claims in this section supported by the results, do they seem reasonable? Have the authors indicated how the results relate to expectations and to earlier research? Does the article support or contradict previous theories? Does the conclusion explain how the research has moved the body of scientific knowledge forward?

(8) Please ensure the maximum page of your final paper is 8-page, but still allowed up to 12 pages (required to pay an extra fee).

I attach the following:

1. Final camera ready paper
2. Payment receipt
3. My similarity report
