Dear Dr. Rena Denya Agustina,

Congratulations on your manuscript submission to [Environmental Earth Sciences](#). In partnership with Springer Nature, Research Square provides a private dashboard, where you can track the status of your manuscript (Mapping Greater Bandung Flood Susceptibility Using AHP Multi-Criteria Decision Analysis (MCDA) Technique) that is under consideration at [Environmental Earth Sciences](#). To access your dashboard and start tracking the progress of your manuscript through peer review, please log in to your account:

[Log in to your account](#)

Although you chose not to share your manuscript as a preprint when you submitted it to the journal, you can still do so through your dashboard. Preprints are given a DOI and posted permanently online on Research Square, allowing for more collaboration opportunities, earlier citations, and community comments. If you are interested in this option, log in via the link above and then select "Post My Preprint".

Please note that the peer review process, including all editorial communications, will continue through the journal where you submitted your manuscript. All queries about the peer review process should be directed to the journal.

Let us know if you have any questions or feedback - we'd love to hear from you.

Sincerely,

The Research Square Team

Dear Dr Agustina,

Re: "Mapping Greater Bandung Flood Susceptibility Based on Multi-Criteria Decision Analysis (MCDA) Using AHP Method"

We're delighted to let you know that your manuscript has been accepted for publication in **Environmental Earth Sciences**.

Prior to publication, our production team will check the format of your manuscript to ensure that it conforms to the journal's requirements. They will be in touch shortly to request any necessary changes, or to confirm that none are needed.

Checking the proofs

Once we've prepared your paper for publication, you will receive a proof. At this stage, for the main text, only errors that have been introduced during the production process, or those that directly compromise the scientific integrity of the paper, may be corrected.

As the corresponding (or nominated) author, you are responsible for the accuracy of all content, including spelling of names and current affiliations.

To ensure prompt publication, your proofs should be returned within two working days.

Publication policies

Acceptance of your manuscript is conditional on all authors agreeing to our publication policies at: <https://www.springernature.com/gp/policies/editorial-policies>

Dear Author,

We are pleased to inform you that your paper is nearing publication. You can help us facilitate quick and accurate publication by using our e-Proofing system. The system will show you an HTML version of the article that you can correct online. In addition, you can view/download a PDF version for your reference.

As you are reviewing the proofs, please keep in mind the following:

- This is the only set of proofs you will see prior to publication.
- Only errors introduced during production process or that directly compromise the scientific integrity of the paper may be corrected.
- Any changes that contradict journal style will not be made.
- Any changes to scientific content (including figures) will require editorial review and approval.

Please check the author/editor names very carefully to ensure correct spelling, correct sequence of given and family names and that the given and family names have been correctly designated (NB the family name is highlighted in blue).

Please submit your corrections within 2 working days and make sure you fill out your response to any AUTHOR QUERIES raised during typesetting. Without your response to these queries, we will not be able to continue with the processing of your article for Online Publication.

Your article proofs are available at:

The URL is valid only until your paper is published online. It is for proof purposes only and may not be used by third parties.

Should you encounter difficulties with the proofs, please contact me.

We welcome your comments and suggestions. Your feedback helps us to improve the system.

Thank you very much.

Sincerely yours,
