ABSTRACT

Khairul Fajri Mushlihin: *The Role of Supervision of Islamic Boarding School Leaders in the Implementation of Student Study Activities (Descriptive Study at the Salafiyah Al-Mu'awanah Islamic Boarding School, Cibiru, Bandung Regency)*

Ponpes Al-Mu'awanah is a boarding school that studies the science of tools, monotheism and organization. The background to this research is based on observations and initial interviews conducted by the researcher at the Santri Representative Council (DPS) of the Salafiyah Al-Mu'awanah Islamic Boarding School, indicators were found regarding the role of supervision of Islamic boarding school leaders in the implementation of student study activities.

This study aims to determine the Role of Supervision of Islamic Boarding School Leaders in the Implementation of Student Study Activities at the Salafiyah Al-Mu'awanah Islamic Boarding School.

In this study, the researcher used a descriptive method with a qualitative approach. The data collection technique used direct observation methods to the research location, direct interviews with informants of the Mosque Takmir and taking documentation related to the Supervisory Role of Islamic Boarding School Leaders in the Implementation of Student Study Activities.

Based on the results of the study, it can be concluded that the supervision process starting from standardization, evaluation and supervisory improvement actions have been implemented at the Al-Mu'awanah Islamic Boarding School to improve supervision of student study activities. Standardization helps Islamic boarding schools meet the learning needs of students from various backgrounds. The evaluation shows the responsiveness and awareness of the DPS towards increasing the effectiveness of supervision. Improvement actions for the supervision system, including identifying the causes of violations and adjusting the results according to plan, show the alertness of the DPS in handling problems with a personal and contextual approach.
